An Electrifying Duo

ALUTEC SOLAR and TORMENTA Available for MG5

Bad Dürkheim, August 18, 2022

ALUTEC, a Superior Industries brand, is continually expanding its applications for electric vehicles: the alloy wheels SOLAR and TORMENTA are now available for the fully electric MG5.

ALUTEC is committed to the future of mobility and is constantly expanding its product range for electric vehicles. Both the powerful SOLAR and the vivacious TORMENTA have now been approved for use on the MG5.

Pioneering in form and function – SOLAR

Conceived especially for electric vehicles, SOLAR makes a visual statement. In the size 8.0 x 19 inches with an offset of 45 and a five-hole connection, it's a perfect fit for the MG5. The striking five-spoke wheel is available in three colors for the MG5: diamond-black, diamond-black front polished, and metal-grey. ALUTEC guarantees longterm driving pleasure with its proven five-year warranty on wheels with diamond-black and metal-grey paintwork.

Feisty and stylish – TORMENTA

Five double spokes, a five-hole connection, and a five-year warranty on polar-silver: TORMENTA is practically tailor made for the MG5. In the size 8.0 x 19 inches with an offset of 45, this stylish alloy wheel puts the visual finishing touch on the first fully electric station wagon from MG in elegant diamond-black front polished and cool polar-silver.
