**A Strong Duo**

## **ALUTEC MONSTR for the Toyota GR Yaris**

Bad Dürkheim, August 05, 2021

**ALUTEC, a Superior Industries brand, is constantly expanding the applications for its popular MONSTR alloy wheel – the 8.5 x 18-inch version with an offset of 40 is precisely tailored to the dynamic Toyota GR Yaris. A corresponding ABE certificate is now available for this sporty model from the Japanese manufacturer.**

The sporty design of its six narrow spoke pairs makes the MONSTR alloy wheel from ALUTEC a perfect match for the Toyota GR Yaris. The wheels perfectly harmonize with the model's design highlights, such as its wide fenders, and visually signal the highest degree of dynamics and driving fun. Available in the colors metallic-bronze and racing-black, the alloy wheel offers plenty of design options to make your vehicle truly one of a kind.
