MOVE IN

STYLE

www.alutec.de

Style, emotion, and passion have fueled our work from the very beginning. As a polished wheel specialist, we combine the highest quality standards with exclusive design to create expressive statements for the road – and for an affordable price. We at **ALUTEC** are convinced that standards, style, and quality are not a question of money.

ADX.02

ADX.02 sets new visual standards with an unconventional look. The striking design with five asynchronous double spokes makes a strong statement on the road.

PEARL

PEARL captivates with urban minimalism. Seven impressive spokes paired with defined lines form an interplay between sportiness and modern tuning design.

GRIP

GRIP makes the impossible possible. Compact spokes convey a unique lightness and make the wheel an athletic all-rounder.
