Style Times Two

ADX.02 from ALUTEC Now Available for the BMW 2 Series Active Tourer.

Bad Dürkheim, July 7, 2022

Shortly after launching its new ADX.02 alloy wheel, ALUTEC, a Superior Industries brand, is expanding its range of sizes with a further application. The 8.0 x 19-inch version with an offset of 48 has now been approved for the new BMW 2 Series Active Tourer.

The five asynchronous double spokes and distinctive, bold design of the ADX.02 give the BMW 2 Series Active Tourer that little something extra. The vehicle model's characteristic look and the angular design of the ADX.02 are sure to be irresistible for design connoisseurs. An undercut ensures ideal weight ratios for the 19-inch version of wheel and gives it the visual finishing touch.

In the colors of diamond-black and diamond-black front polished, the alloy wheel makes a visual statement on the BMW 2 Series. To guarantee long-lasting driving fun, ALUTEC grants a five-year warranty on the diamond-black version of the wheel.

About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in the U.S., Mexico, Germany and Poland. Superior currently employs more than 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit www.supind.com.
