

## **Press release**

# **Available Now in Diamond-Black Front Polished Expanded Color Selection for SOLAR by ALUTEC**

Bad Dürkheim, July 14, 2022

**A new look for SOLAR by ALUTEC, a Superior Industries brand: the alloy wheel can now be obtained in diamond-black front polished.**

In addition to the existing colors of metal-grey and diamond-black, diamond-black front polished is also being added to the range. SOLAR has been launched in the new color as an 8.0 x 19-inch version with a five-hole connection.

Developed especially for electric cars, the design underscores the unmistakable style of the spokes and more clearly accentuates the unique details. SOLAR has never been more impressive.

## About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in the U.S., Mexico, Germany and Poland. Superior currently employs more than 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit [www.supind.com](http://www.supind.com).
